About This Content

Take the fun and excitement of Deathsmiles into your very own RPG Maker projects with this incredible character pack!

From brief cameos and Easter eggs to fan-created masterpieces, you can bring your favorite [Deathsmiles](#) characters into your game's universe. Deathsmiles Character Pack is the official collaboration between RPG Maker and CAVE, resulting in a charming set of characters that are ready to use right out of the box. Whether you're brand new to the Deathsmiles universe or a long-time fan, you'll want this pack in your RPG Maker library.

Features:

- A walking character sprite for Casper, Follett, Rosa, Sakura and Windia – created in the same style as RPG Maker RTP.

-
- High-quality bust of each character, complete with emotions.
 - Cropped and formatted faceset, including 2 orientations.
 - **BONUS:** Busts and facesets for the girls' creature familiars.

Deathsmiles - now available!

English,French,German,Italian,Japanese

Yes! I'm feeling the power!. Really average. You get a handful of facesets, battlers and sprites. Definitely worth the money if its on discount (I got it for \u00a31.74 and felt that was the right price), really not worth the money if its not - can find more and better free on Google.
